**Lot # 17
Hobby Horse
Silk "N" Sable**

Sable is a proven producer & a great mom. Add Sable & her 6x Champion Peruvian Lancaster cria at side to your program. Sable's cria at side and her 2010 cria come with our 90 Day Live Birth and Breeding Quality Guarantees! Go to PeruvianLancaster.com for more details.

Sable is the fine black offspring of 2003 Herdsire of the Year Snowmass Casanova & multi-blue ribbon winner, Majesty's Jewel. With Bueno as her fraternal grandsire & Peruvian Macusani as her maternal great grandsire, she will continue to throw high quality colored offspring.

Sable is a dark beauty with a sweet disposition & lovely head. She has solid conformation & a perfect bite. Her fleece demonstrates good density & handle in black. Sable will enhance any breeding program & especially one focused on black & grey.

Sable was shown only once taking a 2nd place in a large class at the level 5 North American Alpaca Show. The judge commented on the nice character of her fleece, density, & soft handle. Sable lost to the ultimate Black Color Champion who had won 9 banners prior to the NAAS!

She is offered rebred to our 6x Champ Lancaster for another show winning cria! The rebreeding will carry also our 90 Day Live Birth and Breeding Quality Guarantees!
